Thanks Calvin. I haven't spoken to Kira yet. I agree with you and ideally hoping that the Mgmt stakeholder meeting for BI happens after we've had time for our internal (HQ and region) discussions so that we are clear about what we communicate.

Kira and Wally,

If it makes sense to start and hold discussions at the Section Chief level, I trust your judgement. If you need me to attend the first to kick-off or listen, I am totally fine with this approach. Also, when the BC is hired, I will expect that they are involved at some level. Of course, I am not sure what we are actually going to be able to do with this site so all of these factors still seem a little uncertain at this point.

Hello Sean / Ken -

A Bradford Island Managers call will likely be arranged soon, our last group discussion was in October 2019. Who within EPA management should receive information about this upcoming discussion? Sheryl Bilbrey participated in a couple key discussions with this group.

I'll be sure to include both of you in the planning for the meeting.

Thank you,
rose

Hello. It has been more than 6 months since our last Bradford Island Managers discussion. I recommend a quick check-in and followup on:

- Highlights of current site activities;
- Status of the NPL listing; and
- Status of the MOU

If Eric and Leah would like to discuss / coordinate a meeting (as indicated below) for later this month that would be great. Otherwise, I am happy to send out a doodle poll.

Thank you,
rose

Hello everyone,

I had said I would send out next steps/action items, so I apologize that this is delayed. Here are the next steps:

1. Meetings:
 - a. We decided the TAG meetings would continue on a monthly basis.
 - b. We decided the manager meetings would continue on a quarterly basis. Eric (ACE) to coordinate and/or coordinate with Leah (ODEQ) first.
2. MOU:
 - a. Everyone needs to look at the MOU and determine if it is signable before the next managers meeting. Please coordinate with your respective counsel for your recommendation.

Anything I missed?
